Modern wooden pendant and ceiling lights: Helix

Description

Looking for a large lightsculpture, then this piece can be an option

This item is made on order only, diameter of 50 cm and length can be up to 10 meters.

If you want bigger then please ask us.

For the lighting you can choose between the white 2.700 K and or the RGB to get nice color effects.

Every kind of wood can be chosen, the lighter the wood the more transparent it will be.

The rotation can be chosen during setup.
